The Center of What's Possible

# Going Native in the Garden

**Sunday, Oct. 20, 2019 from 10 a.m. - Noon**  
**Everett N. "Eddie" Souza Park and Community Garden**  
**2380 Monroe Ave, Santa Clara**

Would you like to work less in the garden and get more back in return? California natives are the plants for you. October, the start of our rainy season, is the perfect month to plant perennials, shrubs, and trees in your garden. Learn how you can easily make a California native habitat garden a reality at your home. This is a free event.

You will learn about...

Where to source plants.  
Native vs Invasive  
How and when to prune  
How to find more resources

For more information, call the Garden Coordinator at 408-615-3743
